

Your best choice for efficient and reliable slave only dimming control.

Our Eco series control is available in 5 amps or 10 amps load capacity. Dimmable from 0.2% to 100% without flashing/flickering, easily adjust the minimum lighting levels with its internal potentiometer.

With the frontal switch and potentiometer, you can quickly switch from automatic ((slave) mode to manual mode.

The control operates in both 120V and 240V.

	ECO5A	ECO10A
Line voltage and Frequency	120 / 240 Volts - 50/60 Hz	
Main Fuse	5 amps	10 amps
Dimming inputs	1 input 0-10V source	
Dimming outputs	None	
Dimming technology	Transistor	
Power output	5 amps	10 amps
Screen	No Screen	
Bypass switches	Switch and potentiometer	
Operation mode	Slave only	
Programing	Not programmable	
Minimum level setting method	Internal potentiometer	
Dimensions	220mm x 90mm x 180mm	
Warranty	2 years warranty on any manufacturing defect	
Origin	Made in Canada
